PROJECT RESTORE POWER

St. John the Baptist

Karkuk, Iraq

Collaborating & communicating to serve others

Project Restore Power

In Collaborating with other world organizations, Without Boards is proud to be able to fulfil its obligation to the community of St. John the Baptist of the Ancient Church of the East in the city of Karkuk.

The purchase of 200KW power generator was desperately needed to restore life and activities to St. John's community.

Many thanks to all organizations who played a major role in bringing this task to conclusion.

'Helping those in need, one person at a time'

Improving lives thru collaboration with other Organizations
